

Good morning to all the children and parents of Gyosei International Primary School. The second term has begun. The Olympic Games were held during the summer holidays. The players and athletes achieved great results and gave us a lot of joy. It's important not only to be happy about winning, but also to thank even the losing players and athletes. We are also grateful to all the people involved in the Olympics. I was especially impressed that the Japanese and American players and athletes fought, played, or competed against each other, and the Japanese players and athletes won. Once Japan was at war with the United States. We were enemies and allies then. Currently, we share peace on the stage of the Olympic Games. There are wins and losses, but whether they win or lose, they shake hands with each other and forgive each other. This is a very beautiful attitude. We get along well with each other and live in peace on this earth. We can see that through the Olympics and recognize that we are in peace. As if it were the goal of the athletes participating in the Olympic Games, let's work harder, go higher, unite our hearts, and start our family and school life for the second term toward the goal. Let's thank God and have a good second term with a new goal for it. We cannot travel or meet friends as we want to during the coronavirus period. However, thanks to the Olympics, we could enjoy ourselves and had a peaceful summer vacation. Thank you, God, thank you and everyone who protects us. Unfortunately, the coronavirus is widespread throughout the world. Many people are suffering. God has caused us suffering. However, after a long summer vacation, we can start the second term safely. Let's pray to God for the coronavirus to end as soon as possible.
