

## At the End of the School Year

Finally, we have come to an end of upheaval year. All the students from Grade 1 to 6, I highly appreciate your hard work throughout the year. Also, I would like to express my gratitude to all the parents for your support to our education. Mother Mary, thank you for protecting, blessing, illuminating, and preserving our students, staff, and parents.

Everything will pass away and fade away. However, the students will become bigger, taller, and stronger and grow up to be more respectable men. Your bodies grow bigger every day. Your knowledge increases every day, bringing you closer to God. You will grow bigger, loving others even more, forgiving others, and getting along with your friends.

The world and the earth are in turmoil right now. The COVID-19 still exists. A sad war has broken out.

Above all things else, let us thank God for all the blessings that he has given us. Thanking all those who surround us for their help, let us pray to God through Jesus Christ that the coronaviruses will soon disappear from the earth, and also that the war will end and peace will come. Let's pray to God that he will give eternal life to all those who have passed away. Then, we will head into the new school year with hope.
